MISSION

Push Trailer Parts est une entreprise fondée en 2024 par M. Antonio Oliva toujours à la tête de celle-ci.

Push Trailer Parts est en train de se tailler une place en tant que leader Canadien dans le domaine de la distribution de pneus spécialisés, chambres à air européennes, jantes ainsi que pièces et accessoires de remorques.

Les territoires de distribution de l'entreprise s'étendent du Québec, l'Ontario ainsi que les Provinces de l'Atlantique.

C'est jour après jour et avec rigueur que **Push Trailer Parts**, exécute leur mission première l'entière satisfaction de sa clientèle en suivant leurs six objectifs de base.

Un service à la clientèle courtois et personnalisé

Une Expertise dans le domaine des pneus spécialisés ainsi que des pièces et accessoires de remorques

La disponibilité des produits

La rapidité d'expédition de ses marchandises.

La polyvalence et l'innovation Recherche continu de produits ou le rapport qualité/prix répond au marché en constante évolution.

La diversification de ses produits est un atout majeur pour la compagnie offrant des pneus de vtt, remorques, camions, OTR/ Industriel, utilitaire, pneus assemblés, jantes et accessoires de remorques ainsi qu'une vaste gamme de chambres à air et pneus de ferme européens. Dans le but de continuer à offrir le meilleur service auprès de ses clients **Push Trailer Parts** s'engage à rester à l'écoute de ceux-ci et de leurs fournir une marchandise de qualité à des prix compétitifs.

Push Trailer Parts is a business founded in 2024 by Antonio Oliva who is active in the company.

Push Trailer Parts has become a major player and a Canadian leader in distribution of specialty tires, European Tubes, rims, trailer parts and accessories.

The Company's distribution territories extend from Quebec, Ontario and the Atlantic Canada.

Day after day **Push Trailer Parts** rigorously executes their first mission, to give complete satisfaction to their customers by following six basic objectives. A courteous and personalized customer service

An expertise for specialty tires, trailer Parts and accessories.

3. Nombre d'essieux / Number of axles: _____

4. Type d'essieu (Simple, Double, Triple ou Flexiride) / Axle Type (Simple, Double, Triple or Flexiride): _____

5. Capacité de chaque essieu / Capacity of each axle: _____

6. Genre d'essieux (Droit, Surbassé ou Flexiride) / Type of axles (Straight, Drop or Flexiride): _____

7. Genre de frein (Électrique, Hydraulique ou Sans frein) / Type of brakes (Electric, Hydraulic or No brakes): _____

8. Localisation des ressorts (Dessus ou Dessous) / Springs location (Down or Above): _____

9. Roue et pneu utilisés avec nombre de goujons / Tire and wheel assembly with # of studs (8", 10", 12", etc): _____

10. Extérieur du châssis en pouces (dimension D) / Outside of the frame D: _____

11. Extérieur du moyeu en pouces (dimension E) / Outside of the hubs E: _____

12. Centre des ressorts en pouces (dimension F) / Centre of the springs F: _____

13. Largeur hors-tout en pouces (dimension G) / Width overall: _____

14. Signature du client / Signature of the customer: _____

15. Date: _____
